講義概要	<p>The first year Advanced English courses are a Task-Based Flipped Classroom design. Students will collaborate with each other in class (mainly in pairs or groups) to complete tasks using English. The bulk of the grammar/vocabulary and other linguistic instruction will be given online through iLearn.</p> <p>International Virtual Exchange is also an integral part of this course. Students will exchange messages with other students around the world in English as part of a cultural exchange project.</p>
